DISTRICT INFORMATION AND PUBLIC DOCUMENTS ARE POSTED ON THE DISTRICT'S WEBSITE AT: willowbrookmd.colorado.gov

Formal actions may be taken on one or more of the following items on the agenda.

I. ADMINISTRATIVE MATTERS

- A. Call to Order
- B. Present Disclosures of Potential Conflicts of Interest
- C. Review Board Communications from Residents (enclosure)
- D. Solicit Public Comment (for non-agenda items 3 minute time limit)
- E. Approval of Agenda

F. Review and Approve Minutes of the February 17, 2023 Meeting (enclosure) Motion by Director ______ to approve the minutes as presented. Upon second by Director ______, vote is taken. II. RANCH MANAGER REPORT (enclosure)

III. PROJECT UPDATES

- A. Mail Box and Trash Enclosure Project Design
- B. Meter Installation Project
- C. Update on Rules and Regulations

IV. WATER SYSTEM UPDATE

- A. GWUDI Assessment Update Groundwater Testing 1. Ratify Amendment to Agreement No. 2
- B. Ratify Approval of Contract with Colorado Water Well

V. FINANCIAL/ADMINISTRATIVE ITEMS

- A. Consider Approval and Ratification of Claims (enclosure) Motion by Director______ to approve/ratify claims as presented. Upon second by Director ______, vote is taken.
- B. Review Financial Statements for the Period Ended March 31, 2023 and Cash Position for the Period Ended April 14, 2023 (enclosures) Motion by Director ______ to accept financial statements as presented. Upon second by Director _____, vote is taken.
- C. Discussion Regarding Funding Options for Front-End Loader
- D. Approve Payment to Stan Miller, Inc. for Installation of Electrical and Water Line to New Well
- E. Election Update

VI. DIRECTORS' ITEMS

A. Horse Sponsorship Update

VII. OTHER BUSINESS

VIII. ADJOURNMENT

Motion by Director ______ to adjourn. Upon second by Director _____, vote is taken.

The next regular meeting of the Board of Directors of the Willow Brook Metropolitan District will be held on June 16, 2023. Notice of said meeting will be provided prior to the meeting.

Questions from Don Samuels for the board meeting:

1) Water Interconnect.

Is it fully automated or is there still one (or more) valves that have to be manually turned

2) Enterprise Fund on the water

I sent out a note on this that came from Matt stating that we did not have an enterprise fund. I did not get an acknowledgement, and would like to know what is happening.

3) Signage

John Drake's letter says signage is not happening until more money. Does this mean the board still wants the totally new signage? There are a number of the mile post street address signs that have faded, and I would think the replacement cost would be in the hundreds, not 10s of thousands of dollars. I can talk to Eric to see where he got these signs when LDFD forced the larger font.

4) Trash

When will the budget/fees be corrected so that trash fees (\$18,000) equal trash expenditures (\$20,000)

MINUTES OF THE REGULAR MEETING OF THE BOARD OF DIRECTORS OF THE WILLOW BROOK METROPOLITAN DISTRICT HELD FEBRUARY 17, 2023

ATTENDANCE: The regular meeting of the Board of Directors of the Willow Brook Metropolitan District was called and held on Friday, February 17, 2023, at 2:30 p.m. via teleconference and in person at The Gate House, 524 Ruby Road, Silverthorne, Colorado, in accordance with Colorado law. The following Directors were present and confirmed their qualification to serve on the Board:

> EJ Olbright, President Mat Sherwood, Vice President Michael Good, Secretary Randy Lewis, Director Jim Hahn, Director

Others in attendance: Sue Blair and Marcos Pacheco; Community Resource Services of Colorado, LLC Jim Nielsen, Ranch Manager John Drake Nan Anderson **David Anderson** Carl Oppedahl **Cathi Wingate David Novak David Radlauer David Robbins** Eric Olsen **Iennifer** Olsen Joey Kraft **Jon Rovick** Marina Larson **Don Samuels**

CALL TO ORDER:	Director Olbright noted that a quorum of the Board was present, and
	the meeting was called to order at 2:33 p.m.

DISCLOSURE OFDirector Olbright inquired whether members of the Board had any
conflicts of interest on matters coming before the Board, to which
there were none.**INTEREST:**there were none.

Mr. Samuels asked for an update on Tract K from legal regarding land use. Director Lewis responded with the update that a policy is being drafted and legal is working on other documentation. Mr. Samuels asked if legal was comfortable to take care of the RROA. Mr. Robbins thanked Mr. Nielsen for the incredibly professional job done on the roads.
Director Lewis moved to add the discussion of the purchase of a loader, gate, and election update. Upon second by Director Olbright, vote was taken and motion carried unanimously. Director Hahn will be added to the checking account as a signer.
The Board reviewed the minutes of the December 2, 2022, meeting. Director Hahn motioned to approve the minutes as presented. Upon second by Director Lewis, vote was taken, and the motion carried unanimously.
Director Olbright updated the Board stating that the goal for the mailbox and trash enclosure project is to price it in March and build in April. Ms. Anderson provided an update, and Mr. Anderson provided an overview of the drawings. They have been in contact with USPS and Waste Management to maintain necessary compliance. Director Olbright stated that anyone having questions referring to the project to contact Mr. Nielsen. The Board received answers and clarifications from Mr. and Ms. Anderson regarding the project, then the public presented questions and comments. A final project and proposed cost will be brought forward at a future meeting.
Ms. Blair discussed the May 2, 2023 election and updated the Board that four self-nominations have been received for three seats. The potential cost of and independent mail ballot election, including paper and publication costs, could be in the range of \$20,000. Ms. Blair presented the financial statements and cash position. The Board accepted the financial statements as presented, and upon motion duly made by Director Lewis and seconded by Director Sherwood, the financials were approved as presented.

RECORD OF PROCEEDINGS

Ms. Blair requested that the Board ratify the payment and easement agreement relating to the well site on the Wherry property. Director Lewis moved to approve the ratification of the payment and agreement for the well easement for Wherry residence. Upon a second by Director Good, a vote was taken and the motion carried unanimously.

WATER SYSTEMGWUDI/CDPHE: Director Olbright provided an update on the wellUPDATE:project and the concerns around shallow wells. The engineer will be
assisting to ensure compliance. The goal for the project completion
will be 4th quarter 2023.

PROJECT UPDATES: <u>Meter Installation</u>: Director Sherwood reported on the water meters that will need to be replaced due to their age. Director Sherwood researched the necessary steps for this to take place. The District will need to adopt new rules and regulations regarding ownership of the meters, etc.. Director Sherwood provided next steps upon approval of the new rules and regulations. CRS was directed to provide a 30-day notice to the owners that the rules and regulations will be discussed and possibly adopted at the June regular meeting of the Board. Director Olbright asked for questions or comments on the proposed new meters. No comments were received

DIRECTORS ITEMS: Ranch Manager's Report:

<u>Gate</u>: It has been reported the last piece of steel was delivered on Friday. February 17, 2023, to be completed and installed the week of February 21, 2023, and to be operable the week of February 28, 2023.

<u>Snow plowing</u>: Mr. Nielsen has been busy with snow plowing and in is taking water operator classes and continues to work toward certification.

<u>Front End Loader</u>: The Town of Silverthorne is interested in selling a front end loader. Pictures and specs of the loader. The purchase price I \$120,000. The use of the equipment was discussed in detail along with the pros/cons of purchasing the loader. The Board discussed funding options and other cost items. The public had questions that were answered by the Board. Director Lewis and Ms. Blair are to work together on a purchase plan.

OTHER BUSINESS: There was none.

ADJOURNMENT: There being no further business to come before the Board, the meeting was adjourned at 4:15 p.m.

Respectfully submitted,

Secretary for the Meeting

Almost Spring

Welcome to mud season. It's been a good winter, lots of snow. I've been trying to keep up with the snow on the roads and driveways. The warm weather that we just had showed me what roads flood. Hopefully the water will stay in the ditches for the rest of the year. I'm looking forward to taking off the plow and sander.

It's time to start scheduling for summer projects like road grading and culvert cleaning. It won't be long before it's time to start opening irrigation and walking the ditches. After it dries up a little more, I can start tearing up the fence above the Gatehouse and rebuilding it. I helped build that fence in the eighties, and that is the last of the fence that we built.

We also need to get Schofield Excavating in to finish the interconnect vault.

As a reminder, Ascent Tree has the weed spraying contract. If you haven't got a hold of me about spraying your property, you can contact me at <u>ranchmanager@wbmetro.org</u> or Mike Stankelis with Ascent Tree at 970-393-3877.

Thanks for putting up with the new guy. Jim Neilsen - Ranch Manager

May 3, 2022

The Honorable Thomas J. Vilsack Secretary U.S. Department of Agriculture 1400 Independence Avenue, SW Washington, D.C., 20250

Dear Secretary Vilsack:

We write to request your assistance in securing funding for the Ruby Ranch Fuels Reduction Project (the Project) in the White River National Forest (WRNF). The Project would complete fire mitigation work across approximately 100 acres on the edge of the Eagles Nest Wilderness Area and directly adjacent to the Ruby Ranch housing development.

As you know, over the past few years, fires across the West have consumed millions of acres and included the three largest fires in Colorado's history. Each successive wildfire season in Colorado has introduced worsening conditions that were nearly unimaginable just a decade ago. Climate change is further exacerbating the situation. In 2018, a 91-acre blaze swept down Buffalo Mountain less than 3 miles from the proposed Ruby Ranch Project threatening over 1,000 homes, forcing the emergency evacuation of over 1,600 people and putting structures collectively valued at several hundred million dollars at risk. Significant loss of property was only prevented by the successful creation of a fuel break that helped stop the fire and prevented the significant loss of property. The Ruby Ranch homeowners would like to create a similar fuel break.

The Project proposal to implement fuels reduction treatments within the Eagles Nest Wilderness Area has been a priority of mine for several years. I have worked closely with the WRNF, Summit County, and the local homeowners to ensure the work meets the objectives of adequately protecting life and property in the event of a fire. The Project has amassed widespread support in the community, as illustrated in the attached letter from Summit County.

We appreciate the dedication of the WRNF and those working within the local districts to dutifully and strategically carry out fire mitigation and fuels treatments across the wildland-urban interface and, where appropriate, in Wilderness areas. I appreciate your commitment to work with me on this project given as part of your confirmation hearing. Due to the diligence of the property owners and the leadership of the WRNF, this project is now ready to move forward and with adequate funding can commence as soon as this summer. I hope you will consider this project for funding under the Bipartisan Infrastructure Law or other sources available to the United States Forest Service.

Thank you for considering this request and I look forward to working with you to move this critical project forward to ensure the safety of this community.

Sincerely,

helle F. B.f.

U.S. Senator Michael F. Bennet

This is **Exhibit C**, Amendment, referred to in and part of the Short Form of Agreement between Owner and Engineer for Professional Services dated <u>October 6, 2022</u>

AMENDMENT TO AGREEMENT NO. ____2___

A. Background Data:

- 1. Effective Date of Agreement: ___October 6, 2022
- 2. Owner: <u>Willow Brook Metropolitan District (WBMD)</u>
- 3. Engineer: Plummer Associates, Inc.
- 4. Specific Project (title): Water System GWUDI Improvements Assessment

B. Description of Modifications:

- 1. Engineer shall perform the following Additional Services:
 - a. Develop draft and final GWUDI communications for discussion with CDPHE. Coordinate communication and virtual meetings with CDPHE to obtain Division direction regarding the new replacement well classification as groundwater and whether GWUDI assessment is required, at this time.
 - b. Coordinate tasks/activity among Water Solutions, Inc., Colorado Water Well, Wolf Martin, Inc., and Willow Brook Metropolitan District (WBMD) to complete work to make the replacement well operational, including the following activities:
 - (1) Installation of electrical service (new circuit, disconnect, motor starter) for both temporary and permanent pump installation;
 - (2) Installation of 1-1/2-inch water line to existing Well No. 2 treatment vault;
 - (3) Installation of a temporary well pump;
 - (4) Completion of the initial sampling/analysis required for the new groundwater source Basis of Design Report (BDR) submittal to CDPHE.
 - (5) Provide weekly status summary to WBMD.
- 2. The responsibilities of Owner with respect to the Agreement are modified as follows:
 - a. WBMD will provide information regarding any restrictions concerning siting requirements for both the temporary and permanent well pumping / electrical equipment.

C. Agreement Summary (Reference only):

- 1. Original agreement amount:..... \$9,250.00

4327-001-01

January 11, 2023

Leah Wolf Martin, P.E P.G Wolf Martin, Inc

Re: Ruby Ranch Well Testing

Leah,

At your request our firm offers the following proposal to provide a new pitless adapter and install permanent pumping equipment in the new well at Ruby Ranch.

accepted by willow 6 - 10 metro pistric 6 y E 5 g// risht

We will provide a pitless adapter and supervise the installation of it. The excavation and installation of the pitless will be done by other under the supervision of a licensed pump installation contractor (Colorado Water Well). The cost to provide and supervise the installation of the pitless adapter is estimated to be \$1721.00. This estimate is for a 1 $\frac{1}{2}$ inch pitless adapter. If a 1 $\frac{1}{4}$ inch pitless adapter is installed the estimated cost would be \$1409.00.

Once the pitless adapter has been installed and the excavation has been backfilled, we will installed the permanent pumping equipment. The pump will be specified by the project engineer after the 24-hour well test has been completed.

Until the actual pumping equipment is specified, a budget cost to provide and install the new pumping equipment is between \$3200.00 and \$3500.00.

No excavation for the water line or electric power to the well from the vault is included.

Work can be scheduled with in 5 to 7 days from your acceptance of this proposal and notice to proceed.

Payment terms are net 20 days.

Thank you for your consideration. We are looking forward to working on this project.

COLORADO WATER SYSTEMS 2001 E. 58th AVE. DENVER, CO. 80216 Sincerely,

Dave Bomhoff Colorado Water Well 303-435-4528

COLORADO WATER WELL

January 11, 2023

Leah Wolf Martin, P.E P.G Wolf Martin, Inc

Re: Ruby Ranch Well Testing

Leah,

At your request our firm offers the following proposal to test the new well at Ruby Ranch.

We will provide a pump, motor, drop pipe, electrical cable, flow meter, and water level monitoring equipment for the testing. The pump will be a 10 gallon per minute pump capable of pumping flows from 5 to 15 gallons per minute. There is 110 volt power at the pump vault less than 100 feet away from the well that we understand we can use for the testing period. The pump will be set in the well on 50 feet of PVC pipe. The water level transducer will be set just above the pump in a monitoring tube to allow for manual water level measuring. The water level logger will measure the water level every minutes. The flow meter will be read and recorded manually at intervals set by the engineer.

The proposed work schedule will be Day 1 - set the pump and testing equipment Day 2 - Step test to get a flow rate for the 24-hour test Day 3 & 4 - 24-hour yield test

We will install a "drain back" valve in the drop pipe, 10 ft below the top of the casing to allow water to drain out of the pipe and manifold to prevent freezing. We will leave the pump in the well so that the operator can take his samples that are required by CDPHE. A hose bib or sample tap will be installed in the manifold pipe so the samples can be taken. The hose bib or sample tap must remain open when the pump is not operating to allow for drainage through the "drain back" valve.

The cost to provide, install, and test the well as outlined will be \$12,291.00.

COLORADO WATER SYSTEMS 2001 E. 58th AVE. DENVER, CO. 80216 Access to the well and equipment vault during the work period will be the responsibility of the District. We will need an area around the well head to park and turn around at least 2 vehilcles.

Work can be scheduled with in 5 to 7 days from your acceptance of this proposal and notice to proceed.

Payment terms are net 20 days.

Pricing for removing the pump, installing the pitless adapter and setting the permanent pump will be sent in a separate proposal.

Thank you for your consideration. We are looking forward to working on this project.

Sincerely,

Dave Bomhoff Colorado Water Well 303-435-4528
